

COMMUNITY SAFETY *AN INTEGRATED APPROACH*

Frank Biancucci
Assistant Deputy Chief
Hamilton Fire Department

PURPOSE

- Hamilton Fire Department
 - Emergency response
 - Inspections
 - Support Role
 - Emergency Management
- Changing Environment
 - Growth of Industry and Industrial Sectors
 - Impact for Community
- Adapting to the Change
 - Community Safety Initiative
 - Preplan/ Tactical Program
 - Web Portal initiative

BACKGROUND

HFD

- Fire Protection and Prevention Act O.Reg 213/07 as amended
 - Public Education
 - Presentations/School Program
 - Prevention
 - Inspections
 - Community Risk Analysis
 - Fire Protection
 - Emergency Response
- Emergency Management
 - Legislative mandate
 - Policy Development

CHALLENGE

- Changing Environment in Industry
 - Hazard Identification & Risk Assessment
 - Emergency Response Plans
 - Environmental Emergency Regulations
 - Business Continuity Planning
 - Industry Best Practices relative to Fire Safety

- Addressing the gaps?

APPROACH

- Community Safety Initiative
 - Stakeholder Engagement
 - Opportunity for input
 - Web based Survey
 - Baseline information
 - York University
 - Partnership with HFD

BENEFIT

- Evidence based programs
 - Program Development in consultation with our stakeholders
 - Programs reflective of the needs of stakeholders
 - Sustainable Programs

INFORMATION

- Electronic based PrePlan/Tactical Program
 - Vital information regarding buildings and associated hazards
 - Targeted Risks
 - Real time information for Incident Commanders

SYNERGY

- Web based portal
 - Linked to Preplan/Tactical
 - Provides Industry/Business ability to identify risks
 - Provides ability to update in real time
 - Secure site

CONCLUSION

- Why Integration ?
 - Leverages resources and knowledge from Industry / business
 - Leverages resources and knowledge from the Fire Department
 - Working together toward a common goal for overall Community Safety

THANK YOU
